

Zoom-Instruction for "Familiodrom" by Interrobang

How to participate?

- In order to be able to livestream "Familiodrom", a computer or tablet, as well as electricity and a stable Internet connection is required. Ideally you use a smartphone for the voting. Voting is also possible via a separate browser window.
- Under the following link you can buy a ticket for the event: [Ticketshop Sophienseae](#). Access to the livestream is via the zoom link on your ticket.
- Please register for the voting in time before the show under the following link: <https://familiodrom.live/> - you will find the access code on your ticket. On the page you can also enter a name of your choice, which does not have to be your real name.
- The performance will take place on **December 8th + 9th at 19:30** and on **December 12th + 13th at 16:00**.
- Dial-in is possible from 30 minutes before the beginning of the performance. Please be punctual. A late admission is possible in case of emergency.
- To participate, click on the link on your online ticket or copy and paste it into the search bar of your browser. If you are using Zoom for the first time, the app will automatically install itself on your computer or tablet. You do not need to register with Zoom to participate.
- Now you are in the Zoom room of the event. Here you will receive helpful information about the event and the voting tool. The performance starts right on time.
- You can participate without webcam and internal or external microphone. In this case, however, you will not have access to the participatory elements of the performance.

Procedure and language

- The performance takes about 90 minutes.
- The performance is in German and will be simultaneously translated into English. To activate the English interpreting, click on "Interpreting" in the zoom toolbar at the bottom right of the screen or on the three dots or "More" depending on your view. Here you can choose between "German" and "English".
- If you select the simultaneous translation "English", the original audio will run quietly in the background. You can switch this off completely by clicking on "Mute original audio".
- The voting tool at <https://familiodrom.live/> also has an English version. After entering the code and name, the language selection appears, where you can choose between German and English.
- In some interactive parts of the performance there is the possibility to participate via the "hand-raise function". This will be announced in each case. If you want to participate, you can draw attention to yourself with the "hand-raise function". On the desktop, the "Raise Hand" option is located in the middle of the bottom bar with a small hand icon. Or you can use the keyboard shortcut Alt-y. On the smartphone you will find the "Raise Hand" option in the lower left corner. The performers will then become aware of you and let you join via audio and video.

Using Zoom Online in the Browser

- If you don't want to download Zoom, you can also participate via your browser. However, not all functions are available when participating in the browser. This means you do not have access to the participatory elements of the performance.
- To use Zoom in your browser, click on the link on your Online Ticket at start time or copy and paste it into the search bar of your browser.
- The sentence "If you have the Zoom client installed, open meeting, or download Zoom and start it." appears.
- Select the option "Download Zoom" and reject the pop-up window.

- Select the option "If you can't download or run the application, start it from your browser."
- When you click on the link, you can enter your name and click "Join". You may then need to enter your email address to continue.
- Agree to the terms of use and then go directly to the live stream of the performance.
- Now you are in the Zoom room of the event. Here you will receive helpful information about the event and the voting tool. The performance starts right on time.

Privacy

- We use Zoom because it is currently the platform with the highest accessibility for a diverse range of people. By participating in the event, you agree to [Zoom's privacy policy](#) and thus to the transfer of your data to the US.
- If you switch on your video and/or audio at any time during the performance, you are no longer a passive spectator due to your active participation in the "Familiodrom" project. The event will be broadcast live on the Internet. Therefore, it cannot be excluded that there will be photo and video recordings of third parties. The recordings will be kept for documentation purposes.

Accessibility

- Zoom supports keyboard access and screenreader softwares. The desktop app can be operated with keyboard shortcuts. You can find an overview under the following link: [Zoom Keyboard Shortcuts](#)
- Further information on accessibility features of Zoom is available under the following link: [Zoom Accessibility](#)
